Mini Conferencia 2025

La mini conferencia de este año tendrá lugar los días 8 (virtual) y 15 (presencial en el campus) de diciembre. Cada participante presentará un paper reciente en la literatura de macro internacional. Las reglas son las siguientes: presentaciones de 10 a 15 minutos, seguidas de 5 minutos para preguntas. Las preguntas pueden ser tanto para clarificar como de interpretación (se esperaría que quien presente defienda el paper como si lo hubiera escrito) o de crítica (pensando en utilizar estos papers como puntos de partida para tesis de maestría u otros trabajos).

El programa será el siguiente
